INAUGURAL ADDRESS

Members of the City Council, Citizens and Friends:

In my address this morning, I shall endeavor to bring to you a brief review of the activities of the administrative office of your city government for the year 1942, and present to you for consideration recommendations for the year 1943.

During the past year the City of Laconia has lost by death three citizens who at one time or another have been directly connected with our city government. It is therefore fitting and proper that we should at this time pause and pay tribute to those men who have left us so recently. I refer to the Honorable Thomas P. Cheney, the Honorable Charles M. Avery and Mr. Archilles Parent who was a faithful employee of the Board of Public Works for the past forty years.

In the untimely passing of Thomas P. Cheney, the City of Laconia and the State of New Hampshire lost a distinguished citizen. Tom Cheney was born in Ashland on August 17, 1891, the son of the late Jonathan M. Cheney and Lucy A. Cheney. He was a graduate of the Ashland High School in the class of 1907; he attended Holderness School for boys, and graduated from Worcester Academy, Worcester, Massachusetts. He later attended Norwich University, and after leaving Norwich attended and graduated from the Boston Law School in 1916. For a year he served on the staff of the State's Attorney General in Concord. Mr. Cheney enlisted as a private in the First World War in 1917 serving his country until December, 1918. In 1919 he came to Laconia and engaged in the practice of law entering the office of Oscar L. Young, a citizen of Laconia, and now Chief Justice of the New Hampshire Superior Court. The firm dissolved partnership in 1925 when Judge Young went on the bench. For a time Mr. Cheney carried along his law practice alone, but more recently he took into his law firm two young attorneys—Arthur H. Nighswander and William S. Lord. Tom Cheney was prominent in the political affairs of our state for a number of years. He began his political career as an attache in the State Senate when he was a law student. In 1926 he became chairman of the Republican State Committee. He managed successfully the campaigns of Huntley N. Spaulding and Styles Bridges for Governors. In 1926 Mr. Cheney represented his ward in our state legislature. He was elected County Solicitor in 1920 and served

through 1925, and in that year was appointed city Solicitor serving through 1928. In 1936 he became a candidate for the Republican nomination for governor of the State of New Hampshire. In 1935 he was appointed attorney general for the State of New Hampshire and while holding this office it was my privilege to seek his advice and counsel in a professional way on many occasions. I found him to be a man of sound judgment, pleasing to meet and loyal in the service he was engaged in. To know Tom Cheney was to respect him. In his passing the City of Laconia lost an outstanding citizen.

Charles M. Avery was a member of the city council from Ward Three during the years 1908, 1909, 1910 and 1911. Mr. Avery was born in Rumney, New Hampshire, the son of Mr. and Mrs. Daniel Avery. He came to Laconia seventy-five years ago. First he was employed as a sawyer at the old Cook Lumber Company and for many years was the superintendent. Mr. Avery retired from active duty some twenty years ago and for a while bought and sold lumber until his eyesight failed him. Although blind for fifteen years he has been seen in our Main Street establishments almost every day until about a year ago. Mr. Avery always had a deep interest in the affairs of his city.

Archilles L. Parent or better known to everyone as "Sid" died suddenly March 11, 1943. He was a faithful employee of the Public Works Department of the city for more than thirty-seven years. For the past twenty years he had been foreman of the Sewer Department. Because of ill health, Mr. Parent retired from active duty in November of last year, but his interest in the activities of the department compelled him to pay an almost daily visit to the city yards where he could converse with his former fellow employees. "Sid" was a loyal and conscientious employee of the city. He took pride in his work and regardless of the time of day or night he was called upon to do a special task he responded with faithfulness and enthusiasm. Of him it may well be said "he was a good faithful servant".

Let us rise and pay tribute to these men who have passed to the great beyond.

Fifty years ago on May 2, 1893 the first officers of the City of Laconia were elected and on the very next day, May 3, were inaugurated and our first city government was organized. The Honorable Charles A. Busiel, who two years later became gov-

ernor of New Hampshire, was elected to the office of mayor. George W. Weeks and William J. Morrison were councilmen from Ward One; Albert C. Moore and Francis H. Davis were councilmen from Ward Two; Charles E. Frye and Joseph M. Folsom, councilmen from Ward Three; Edmund Tetley and Charles W. Vaughn, councilmen from Ward Four; Horace W. Gorrell and John W. Ashman, Councilmen from Ward Five; and Benjamin F. Drake, Charles L. Pulsifer, Julius E. Wilson and Romanzo B. Priest, councilmen from Ward Six.

John B. Moore was elected city clerk and Stephen B. Cole, city treasurer. Many of our older citizens here in Laconia remember these men and no doubt some are present today who were also present at the first inaugural ceremonies of the mayor and council fifty years ago. The population of the City of Laconia then was approximately 7,000 people; today the population is more than double that number. At this time, however, I am not going to review all of the improvements that has come to our city since it was incorporated in 1893, but I do believe that it is fitting and proper that we should recognize these improvements at some future date, and arrange for a fitting ceremony to commemorate the fiftieth anniversary of our city and I, therefore, remommend to the council that you take proper steps to bring about such a recognition.

In my inaugural address a year ago, I stated that I found it very difficult to interest myself in any new projects that would involve the expenditures of large sums of money. We find conditions no different today. Yet, on the other hand, we must not allow ourselves to stop planning for the future. This war will be over sometime and when peace comes and our boys are returning home we must have our house in order. They go away—grinning, leaving all the love in your body pushed up into your throat. And no matter what the day may bring, the nights bring dreams of home—the swellest place on earth to a boy in uniform. Part of our job is to fix things so that home will always be home to him, to his mother, his sister and to you, come what may. A lot of this fixing can be done by careful planning for the future. Such plans will no doubt call for the expenditure of large sums of money for Works Projects Programs. Only worthwhile projects should be considered and preferably those of a permanent nature.

In reviewing past recommendations, I find that three years ago I called your attention to the need of a new city hall. I can only repeat that the need of better housing facilities for

our several departments, including our fire department, jail, police department, etc., as well as a city auditorium becomes more serious each year, and some day in the not too distant future the question of a new city hall will necessarily be given serious consideration.

Sewers and Sewerage Disposal

Two years ago I recommended that the Committee on Sewers give careful consideration to a system whereby the cost of building and maintaining our sewerage system would be self liquidating. This can and should be done. With this thought in mind, your mayor in cooperation with the mayors of the Cities of Concord and Portsmouth sponsored an enabling act allowing the above named cities to put into operation a sewer rental system. The City of Concord is about to adopt such a system. In fact, their mayor informs me that an ordinance establishing a sewer rental system will be introduced at their next meeting. In my opinion both of the above mentioned projects should receive careful study.

It is obvious that the building of a new city hall must await further developments. The second proposal; that is, the adoption of a sewer rental system can and should be put into operation at once, and I so recommend it.

Change of Date of Fiscal Year

On several occasions both in public and private, I have discussed the advisability of changing the city's fiscal year to correspond to the date of the fiscal year of the State and Federal Government that is June 30 to June 30 inclusive. At the present time the city's fiscal year ends February 15. New city officers are not sworn in until the fourth Tuesday in March. Appropriations should not be made until the new mayor and council has had an opportunity of acquainting itself with the need of the different departments. Therefore, it is apparent that every department of our city government with the exception of the school department is running illegally because they are spending funds that have not as yet been appropriated. I have given this matter much thought and study. The reason why this condition has not been corrected is obvious. No mayor wishes to add four and one-half months' expenses to his tax rate. Therefore, no change in the closing date of our fiscal year has been made since our city was incorporated fifty years ago. If we were to make this change in two stages; for example, bring our closing date from February 15 to May 1 this

year, and from May 1 to June 30 next year, the amount of the extra appropriation needed to carry the two and one-half months based on last year's valuation would be only \$33,152.00. If we apply the unexpended balance carried over from last year which amounts to \$28,231.41 the added appropriation necessary to make this change would be approximately \$4,000.00. Therefore, I strongly recommend that the dates of the city's fiscal year be changed so that eventually they will correspond with our State and Federal Government.

Victory Gardens

Probably there never was a time when there was greater need of a city to sponsor a food growing project for its citizens as there is today. It is not necessary for me to discuss at this time the causes that have brought about this condition. The fact remains that the farmers of the United States were asked at the beginning of the year 1941 to produce more food than ever was produced by them in any previous year. They met this request. Again in the beginning of the year 1942 they were asked to increase their production still further. They met that demand, and again this year 1943 the farmers of these United States have been asked to produce even more than in the previous two years, regardless of the fact that agriculture faces a great labor shortage and a cut in farm machinery to 22% of normal and with the shortage of fertilizer and a scarcity of seed. These facts you have heard repeated over the radio many times of late from high officials in our Agricultural Department. We are told that if our armies are to succeed in their conquests on foreign soil, we must not only feed them, but we must contribute liberally to the feeding of our Allies. Briefly this means that if our people here at home are to have the necessary food to carry them through another winter we must do everything within our power to raise whatever possible so that we may become as self-sustaining as we are humanly able.

With this thought in mind, your chairman of Civilian Defense, William W. Keller, your city chairman on Agriculture, Royal W. Smith and your mayor called a meeting a week ago, together with representatives from all of our industries, civic organizations and other interested people to ascertain if possible what plans should be set in operation to promote the planting of victory gardens in the City of Laconia. We are informed that a canvass of our city is now being made by the

chairman of the Home Service Department and her helpers which when completed will give us valuable information as to the requests for these gardens. As soon as this information has been assembled, your committee as afore mentioned will set up an organization to carry out this project. If the project proves to be of sufficient size and seems advisable, the City of Laconia will be asked to contribute financially to the project and I recommend that the council give this matter serious consideration and lend its cooperation in every way possible, for every can of food put into the cellars of the families of the City of Laconia means just so much more that can be released to our boys who are on the fighting front.

Laconia Municipal Airport

Last year I explained to you in detail the law which created the Laconia Airport Authority which now has been created and has full charge of our municipal airport located in the adjoining Town of Gilford. On this Authority is the mayor of your city, the chairman of the Board of County Commissioners, the chairman of the Board of Selectmen of the Town of Gilford, and two members appointed by the city council and the Board of County Commissioners. These two members are the Honorable Edward J. Gallagher, Ex-Mayor of the City of Laconia and Malcolm E. Barney the retiring councilman from Ward Five. The United States Government has completed its contract with the city with the exception of installing the lights. This contract has been signed by all parties concerned and it is my understanding the work will be completed as soon as necessary materials can be released from the war effort.

City Departments

I shall not take time here to review the work of our several city departments. All have lent their one hundred per cent cooperation, have stayed within the budgets and in many cases returned a sizeable balance to our city treasury as indicated by the handsome unexpended balance of \$28,231.41 at the end of the fiscal year.

I extend my appreciation to all departments for their wonderful cooperation, and especially do I wish to commend the Board of Public Works and our city engineer. Arnold O'Mara, and the employees of that department. This has been a very hard winter, yet the regular employees of the Public Works

Department have kept our city streets and sidewalks in a very fine condition. They have done this without extra help and, to my knowledge, without complaint. Such cooperation is appreciated by the citizens of Laconia.

Financial Department

When our city books were closed and audited on February 15, 1943, it was found that we had a balance of \$28,231.41. This amount represents the excess of current assets over current liabilities, and is in line with the balance shown on our books at the end of each year since 1940. During the past year \$49,000.00 was paid on our serial debt, there were no bonds issued. This reduction of the net debt to \$180,000.000 which is only a little over 1% of the valuation of our city. A new low for many years. A careful analysis of the above figures would indicate that the financial structure of our city is sound and that we are prepared for darker days if and when they come. Just what the picture will be for the year 1943, I am not prepared to predict. With the mounting cost of living and with the construction of new taxable buildings practically at a standstill, it would seem that any further reduction in the tax rate at the present time would be doubtful. All that I can say is that your Committee on Finance will endeavor to prepare a sound and balanced budget, and will take into consideration the needs and requests of not only the several departments of our city government, but of our individual citizens as well, but we must not forget that, as stated earlier in this address, many of our boys have left their homes to fight for the very principles of self-government that you and I have been elected to preserve and care for, and it is our duty to see to it that this trust is not violated.

Outgoing Council

To the members of the council that have just retired from office, I want to say that during the years that you have served with us the valuable service that you have rendered your city has been recognized. You have served well and your retirement to private life is a distinct loss to our city government.

Incoming Council

To the new members of our official family, let us extend to you an official welcome at this time and we would remind you that your responsibilities as a councilman will be many. I can assure you, however, that regardless of the fact that you

are new in the Council you will receive full cooperation at all times from the executive branch of our city government.

To the other members of the council who have worked with me for the past years, I want to thank you for the cooperation that you have given me at all times. The year's records speak for themselves. Let us start the year 1943 with the same spirit of helpfulness and cooperation. Let us meet our obligations as they are presented to us and strive to make this year 1943, the fiftieth anniversary of your city government one of the best years that Laconia has ever known.

CITY GOVERNMENT

LACONIA, N. H.

Inaugurated fourth Tuesday of March, biennially. Stated meetings: The last Monday of each month at 7:30 o'clock P. M., at City Council Room, 68 Pleasant Street.

CITY COUNCIL

MAYOR

ROBINSON W. SMITH

Elected March 9, 1943 for two years. Office: 68 Pleasant Street

COUNCIL

Elected March 9, 1943 for two years

Ward 1—William F. Champagne

RESOLUTIONS

In the Year of our Lord one thousand nine hundred and forty-three

A Resolution authorizing temporary loans to an amount not exceeding Two Hundred Fifty Thousand Dollars in anticipation of the taxes of the present Municipal year.

Resolved by the City Council of the City of Laconia, as follows:

That for the purpose of meeting current expenses of the City, the City Treasurer be and hereby is authorized and empowered to make temporary loans from time to time for the use of said City of sums not exceeding the aggregate amount of \$250,000.00, said loans being in the anticipation of the taxes of the present municipal year and hereby expressly made payable therefrom, and to give for such loans subject to the written approval of the Committee on Finance, notes of the City, each note to become due and payable within one year from its date. Said Notes shall be signed by the Mayor and City Treasurer and countersigned by the City Clerk, shall be registered in the books kept for that purpose in the offices of the City Treasurer and City Clerk respectively.

This resolution shall take effect upon its passage.

Passed and approved March 29, 1943.

R. W. SMITH, Mayor.

In the Year of our Lord one thousand nine hundred and forty-three.

WHEREAS The Mayor and Council have learned with sorrow of the death of Mark M. Robinson; and

WHEREAS Mr. Robinson's integrity in both public and private affairs made him one of the most esteemed citizens of the City of Laconia.

NOW, THEREFORE, Be it resolved that a copy of this resolution be engrossed upon the records of the City of Laconia as a permanent tribute to Mark M. Robinson.

Passed and approved March 29, 1943.

ROBINSON W. SMITH, Mayor.

In the Year of our Lord one thousand nine hundred and forty-three.

A Resolution relative to the death of Joseph H. Roucher.
Resolved by the City Council of Laconia, as follows:

WHEREAS the Mayor and Council learned with great sorrow of the recent death of Joseph H. Roucher; and

WHEREAS Mr. Roucher served the City of Laconia faithfully in its fire department for over thirty years; and

WHEREAS Mr. Roucher also served the City of Laconia faithfully as a representative to the General Court of the State of New Hampshire.

BE IT RESOLVED, that we express our deep sympathy to his survivors by sending them a copy of this resolution, and that this resolution be engrossed upon the City records as a lasting tribute to Mr. Roucher.

Passed and approved May 31, 1943.

R. W. SMITH, Mayor.

In the Year of our Lord one thousand nine hundred and forty-three.

A Resolution making appropriations for the year ending February 15, 1944.

Resolved by the City Council of the City of Laconia, as follows:

That the following appropriations be made for the year ending February 15, 1944, which appropriations shall be in full for all expenditures in each department named.

State Educational Tax	\$ 3,914.00
County Tax	69,278.16
Schools	170,945.00
Fire Department	26,734.56
Health Department	4,550.00
Police Department	34,000.00
Interest	5,850.00
Salaries	17,000.00
Street Lighting	19,200.00
Support of Poor	14,000.00
Old Age Assistance	15,000.00
Vital Statistics	225.00
Elections	1,200.00
City Officers' Expenses	7,000.00

Highways and Bridges:	
General Maintenance	88,111.00
State Aid Roads (T. R. A.)	456.42
Lakes Region Development	900.00
Public Wharves: Lakeport and The Weirs	450.00
Moth and Forestry	500.00
Maintenance City Offices	3,000.00
Laconia Hospital	5,000.00
Memorial Day	300.00
Parks and Playgrounds and Skating Rinks	5,823.00
Hydrant Service	4,500.00
Public Library and Gale Park	11,358.82
Conventions: VFW, etc.	
D. A. R.	\$ 50.00
Veterans Reunion	400.00
V. F. W.	200.00
U. S. Spanish War Veterans	150.00
American Legion Convention	400.00
	1,200.00
Red Cross—Partial Rent Chapter House	240.00
Civilian Defense	1,400.00
Bridges & Highway Bonds	4,000.00
City Hall Bonds	2,000.00
Improvement Bonds	10,000.00
Improvement Bonds	3,000.00
Practical Arts School Bonds	3,750.00
School Equipment Notes	2,000.00
Sewer & Road Bonds	3,000.00
Street Pavement Bonds	2,500.00
New Serial Note	1,500.00
	\$543,885.96

Passed and approved, July 12, 1943.

R. W. SMITH, Mayor.

In the Year of our Lord one thousand nine hundred and forty-three.

A Resolution raising money by taxation for the year ending February 15, 1944.

Resolved by the City Council of the City of Laconia, as follows:

That there shall be raised and there is ordered to be raised on the polls and estate liable to be taxed within said City the sum of four hundred ninety-one thousand eighty-six and fifty-four one hundredths (\$491,086.54) dollars to defray the necessary expenses and charges of the City for the financial year ending February 15, 1944.

Passed and approved, July 12, 1943.

R. W. SMITH, Mayor.

In the Year of our Lord one thousand nine hundred and forty-three.

A Resolution relative to the Death of Peter Dagenais.

Resolved by the City Council of the City of Laconia, as follows:

Whereas the Mayor and Council learned with sorrow of the recent death of Captain Peter Dagenais; and

Whereas Captain Dagenais served the City of Laconia faithfully in its Fire Department for over twenty years, and

Be It Resolved, that we express our deep sympathy to his family by sending them a copy of this resolution, and that this resolution be engrossed upon the City Records as a lasting tribute to Captain Dagenais.

Passed and approved, July 12, 1943.

R. W. SMITH, Mayor.

In the Year of our Lord one thousand nine hundred and forty-four.

WHEREAS The Mayor and Council learned with great sorrow of the death of Arthur C. S. Randlett; and

WHEREAS Mr. Randlett served the City of Laconia long and faithfully as Overseer of the Poor and was considered one of the ablest overseers the city has had, and was one of our most esteemed citizens.

BE IT RESOLVED, that we express our deepest sympathy to his family by sending them a copy of this resolution, and that the same be engrossed upon the city records as a lasting memorial to Arthur C. S. Randlett.

Passed and approved February 15, 1944.

ROBINSON W. SMITH, Mayor.

SCHOOL DEPARTMENT

SCHOOL BOARD

To the Mayor and Council of the City of Laconia:

Submitted, herewith, is the annual report of the Superintendent of Schools which gives a much more and complete detailed report than I could possibly give in a few short paragraphs. I shall, therefore, confine my report to a few comments on some of the more important events or changes during the past year. In these days of unusual conditions brought about by war one can really think of progress in the school system only in terms of the post-war period. We should probably be satisfied with the present if we were to keep our schools adequately staffed and operating, maintaining a reasonable interest on the part of the boys and girls.

Last March, three new members of the School Board were elected; Mrs. Ruth A. Smith, Theo S. Jewett, and Arthur A. Saltmarsh, all of whom have taken great interest in their work. The first important task of the Board was to fill the vacancy created by the resignation of Clark W. McDermith as Superintendent of Schools. After careful consideration, Mr. Rhoden B. Eddy of North Brookfield, Massachusetts was elected Superintendent and began his services on October 1, 1943. Although he has not been here very long he has already inspired confidence on the part of those with whom he has dealt and has demonstrated an ability to recognize and deal with many problems with which we are faced.

One of our most serious difficulties during the past year has been in obtaining qualified teachers. Many teachers have resigned to obtain better positions in industry and in other school systems and some have been or will be called into the Armed Services. Although the salary scale here in Laconia is considerably above what it was a few years ago, it is still very difficult to compete with the high wages paid in private industry and in the larger school systems. Despite the shortage of teachers, we have been able to fill all positions and the schools seem to be running smoothly.

As pointed out in the Superintendent's report, the traditional school system has been greatly expanded during the past few years. The Superintendent is now obliged to spend a great deal of time supervising the Child Day Care centers, for example,

The interest of the older boys and girls, especially of those young men who are soon to be inducted into the Armed Service has undoubtedly been affected by present conditions, but there is nothing much that can be done about it except for all of us to continue to do the best we can until this present war is over.

Respectfully submitted,

ARTHUR H. NIGHSWANDER,
Chairman

SCHOOL BOARD

Arthur H. Nighswander, Chairman	Term expires March, 1945
Mrs. Lillian P. Dow, Secretary	Term expires March, 1947

To the Laconia School Board and the Citizens of Laconia:

It is an honor and privilege to submit to you this report for the public schools of Laconia for the school year (1942-1943) ending June 30, 1943. In this respect, I can do little more than supply you with statistical information regarding certain activities, and discuss expenditures. Necessarily all this must be brief. With like brevity, I am commenting on the public school system as I find it after four months' acquaintance.

*Had leave of absence from March 3; replaced for remainder of year by Mrs. MacIver.

°Had leave of absence from March 25; replaced for remainder of year by Mrs. Lilla Adams.

The figures in this table may be more understandable with a brief explanation. Reading the table headings from left to right: School—the school for which the figures on that line apply; Grades—the grades in the school for which the figures apply; Total registration—the number of pupils who have attended the school and grades specified; Unrepeated registration—the number of pupils who attended no other school in Laconia, or the State of New Hampshire, during the school year; Average memberships—the average number of pupils who were members of a school, or grade, throughout the school year; Average attendance—the average number of pupils in school or grade through the school year; Average absence—the average number of pupils who were absent from a school or grade throughout the school year; Perfect attendance—the number of pupils in a school or grade who were neither absent or tardy during the entire school year; Tardinesses—the number of times that the pupils of a school or grade were 'late to school' during the school year; Visites by citizens—the number of persons 'visiting schools' during the regular school sessions.

Applying the above explanations to the 'total' for the high school:—(For the school year ending June 30, 1943) In grades seven through twelve the total registration was 1047 pupils; 1010 pupils attended no other school in New Hampshire during the school year; there were 925 pupils in average membership throughout the year; there were 866 pupils in school every day in the year, on the average; there were 59 pupils absent every day in the school year, on the average; 54 pupils were neither absent or tardy during the entire school

year (perfect attendance); there were 1588 cases when pupils were 'late to school'; not a single citizen visited the school, or classes in the school, during the entire year.*

Read the record for each school and each grade as above.

*Visitors did not register in office.

19. Alterations of old buildings	3,066.93
20. New equipment	3,618.13
G—Debt. Interest, and other charges	
21. Payments of principals of debt	5,750.00
22. Payments of interest on debt	1,768.25
23. Payments (W.P.T.)	6,230.42
	\$200,732.39

FINANCES

Total income for the School Department, for the year 1942-1943 appears in Table 3. Total payments (expenditures) by the schools for the year 1942-1943 appear in Table 4.

The two Tables show that:

1. That the taxpayers of Laconia raised \$171,984.78 for schools in 1942-1943.

2. There was an additional income of \$28,747.61, which also went to support of schools, making a total income for support of \$200,732.89.
3. Total payments (expenditure) by the schools equalled the total income. That is, \$200,732.89 was spent.

It is important that every citizen should understand clearly how the school money was spent. It went for much more than mere support of the elementary and high school grades; relatively large amounts went to support additional kinds of education and to pay fixed charges, i. e., state tax, principal and interest on debt, and insurance.

The total sum of \$200,732.39 was spent as follows:

1. Support and operation of elementary and junior high school grades	\$67,592.91
2. Support and operation of senior high school grades	\$93,677.36
Total to operate and support traditional schools	\$161,270.27
3. Support of Nursery Schools (Day Care Centers)*	7,339.44
4. School Lunch Programs**	4,701.95
5. Defense Schools***	6,230.42
6. Evening Schools	390.50
Total for new services and types of education	\$18,652.31
7. Alterations to old buildings****	3,066.93
8. New equipment†	3,618.33
9. Insurance on buildings and property	1,586.30
10. Payments on school building debt	7,518.25
Total for capital outlay and debt	\$15,799.81
11. State per capita tax for state supervision	\$4,010.00
12. War Savings Stamp loan††	1,000.00
Total on account of schools, no contribution to	5,010.00
Grand total	\$200,732.39

* Federal reimbursement on this expenditure

** Federal reimbursement on food and milk included in period covered by this item

*** Completely reimbursed by Federal funds

**** Cost of converting to coal in Practical Arts building.

- † Cost of new heating plant at Batchelder Street School
- †† This is merely a loan so that school stamps may be purchased in advance to be resold; the amount is included in 'income sources other than taxation'.

The figure groups above emphasize two important points:

1. The cost of maintaining the traditional school system is considerably less than the total sum expended by the school department for all purposes in 1942-1943. (Compare \$161,270.27 with \$200,742.39.)
2. Laconia has seen fit to expand its educational offering beyond that traditionally given in the elementary and high school grades. Laconia has recognized the fact that modern conditions call for new types of educational opportunity—nursery school for very young children when home care is lacking for all or part of the day—special training for jobs in local industry—special courses for adults with special vocational or avocational interest, and so on. For these purposes \$18,662.31 was spent in the school year 1942-1943. As noted above a very large amount of this expenditure was reimbursed, nevertheless the activities were carried on under the school department auspices, in school buildings utilizing school equipment, for the benefit of Laconia citizens, Laconia children, and Laconia industry, largely. The progressive spirit and vision behind this educational expansion argues well for Laconia itself, now and in the future.

There are a few items in the 1942-1943 finances that interest me, and they may interest you:

For 1942-1943 the City of Laconia raised a total sum of \$558,514.97, for all purposes of city government, from taxation, on a tax rate of \$32.60 per thousand dollars. The sum raised for school purposes was \$171,984.78, or approximately one-third of the total raised. In general this ratio of school costs to total city government costs is low.

Important: After four months' acquaintance with the schools I am thoroughly familiar with their most important aspects, hence I am not surprised at the story told by certain figures (Please see, under Payments, B-6 and B-7. You will note that only \$2576.49 was spent for 'textbooks' and \$4,558.90 for supplies in the last school year.

This means that only 1.6% of the total cost of operating the elementary and high school grades was spent for textbooks, or about \$1.50 per pupil. On the same basis only 2.8% was spent for supplies, of about \$2.65 per pupil. In other words, all that was spent to supply each pupil with all this textbooks and all his supplies for an entire school year was \$4.15, or 4.4% of the total cost of operating the schools. The amounts are too small. Pupils require more generous supplies for learning aids. Not even a good teacher can do his or her best job without proper materials. This will be referred to farther on in the report.

1942-1943, General

The school year saw a continual loss in the upper high school grades as older pupils left school to work, and as older boys went into the armed services. The year saw the Nursery Schools in Laconia change over (on February 1) to Day Care Centers under a new Federal Program, fitting these schools to care for the children of mothers working in war production plants. The end of the year brought about a 20% teacher loss. The high school took on such work in pre-induction training as circumstances warranted, and defense training classes continued until the first of May.

Impressions and Observations After four months' Service

Laconia offers much to the school superintendent interested in educational service and leadership. The opportunities to bring benefits of both to the school population, and to the city itself, are at hand. I trust that I may make use of these opportunities wisely in your behalf.

A school system without a teaching force that is generally able and generally professional cannot provide its school population with good schools no matter how excellent may be its school plant, its equipment and all its other services. Nothing is as important to the welfare of the pupil as the teacher. In my opinion, Laconia has a generally superior staff of teachers. Given this staff to work with, I am sure that we can give the school population those educational advantages every parent wants for his child, and that training needed for American citizenship.

Laconia appears to have become aware of the value of good teachers as evidenced by its willingness to pay more adequate salaries. The salary schedule under which the schools are operating this school year (1943-1944) is acting in favor of your children now; it will continue to do so as long as it proves adequate to secure and hold good teachers. Certainly Laconia's children and young people are deserving teachers as good as those of another community will pay well to secure for its children.

The opportunity, then, to work with good teachers is at hand.

So far as I have been able to determine, you have a pride in your school system, and recognize not only its value to your children, but its importance as a community asset as well. My opinion is based on an examination of the educational program you have chosen to support, the interest you have shown in providing some excellent facilities (the high school), and the manner in which you appear to regard the expansion of educational opportunities (mentioned previously).

The opportunity (and the challenge) to carry on a very desirable type of education, in your service, is also at hand.

I am impressed with the service rendered the war effort through the operation of Day Care Centers. These centers provide the children of working mothers with excellent care, careful health supervision, social and civic patterns of desirable behavior whose values are incalculable in later life, and really happy surroundings. Laconia is undoubtedly benefitting these little children to a far greater extent than one imagines. Just what should be the future of this type of education is difficult to say, but there is no doubt that the demands of modern society upon the individual person requires some introduction to group living prior to kindergarten age; probably the answer will be found in part-time Nursery School living (for children in homes where the mother is present) for most children. Be that as it may, you are rendering about seventy children of working mothers experiences and care in which you may take great pride. At the present time the cost is borne about as follows, per child: From the Federal Government about 60%; from local taxation about 8%; from the parent about 32%. Day Care Centers are now operating at the Academy Street School and the Gilford Avenue School, with a total en-

rollment of seventy-one children (all children formerly at the Park Street Center, which had to be closed for lack of enrolees, are being transported to one of the two centers mentioned). Even a short visit to one of these centers will be an interesting as well as an enlightening experience; if you are fond of children it will be a heart-warming experience as well.

I note with interest the use that has been made of the school plant (especially the high school), and the participation of several of our teachers in instructional programs designed to train workers for local industry, or to instruct out-of-school persons with special vocational or avocational interests. This expansion of educational program at the adult level has been commented on previously; the use of the school plant, for these, and other purposes, to meet community needs, indicates, again, a progressive spirit and educational vision that seems to characterize Laconia.

A community should make full use of its school plant for educational, civic, charitable, and other non-commercial purposes that exist within its borders. The city as a whole has a relatively large investment in the school plant and it should be made to pay returns to the fullest extent. The full returns will not be secured by the city if the plant stands idle all those hours in the day when it is not used for traditional school purposes. Certain considerations should be borne in mind, however; there will be somewhat larger maintenance charges to be provided for; it should be possible to close off various parts of a building from the whole building. It is not possible to do the latter at our high school buildings now.

At the present time various groups use the high school buildings for recreational purposes.

A four year 'Apprenticeship Course' is being carried on under the instruction of Mr. Edgar Royce for six hours each week in conjunction with Scott and Williams Company. One-half the cost of instruction is reimbursed by the Federal Government (Smith-Hughes), the city bears the other half of the cost, and, of course, classes meet in the Practical Arts building.

The superintendent is co-operating with Mr. Royal Smith of the County Extension Service in making short part-time agricultural courses available in this area. The State Depart-

ment of Education lends ready assistance in this, and all other, Federal-Aid Courses.

It is my hope that I may assist in improving and advancing the educational policies, the philosophy of civic improvement, and the healthful practices which I find in Laconia.

Many items are omitted here which an annual school report should contain—particularly special reports from the headmaster, school nurse, and supervisors, together with special recommendations of my own. Regarding the last: There is much that can be done to increase the effectiveness of our traditional school program and the attainment of its objectives. The fact is mentioned last to emphasize it. I would not have you think that fundamental procedures and practicable needs, in our elementary schools and in our high school,, are, in the slightest respect, of secondary importance. They are of first importance; they are being given, and will continue to be given, my major attention.

I want to acknowledge generally my gratitude for the friendliness Laconia citizens have accorded me, and thank each member of the school staff for his or her cordiality and co-operation. I am especially grateful to Miss Nell Doane for invaluable assistance, and for managing details of the office. Because of her help I have been able to spend a large amount of time in the schools. I am particularly grateful to each member of the School Board for the professional understanding of Laconia's educational policies and for the confidence given me.

Respectfully submitted

RHODEN B. EDDY,
Superintendent of Schools.

LACONIA HOSPITAL

To the Honorable Mayor and Members of the City Council:

The Laconia Hospital served more than three thousand patients in 1943. This was about ten per cent more than the previous year. Total days service increased from thirty thousand to thirty four thousand with a daily average of ninety two.

The hospital cannot care for many more without more space and consideration is being given by the trustees to the addition of a third floor to the East Wing. This will provide for about twenty more beds.

We appreciate the appropriations from the City of Laconia and surrounding towns. This money together with some increase in our endowment income has enabled us to care for an increase in operating expense.

Substantial help from the Hospital Aid Association and generous gifts from individuals and organizations have given us new equipment and enabled us to reduce our indebtedness ten thousand dollars.

Dr. Albert F. Dolloff, Superintendent, in his annual report has suggested a survey by a competent authority of our hospital plant so that we may better plan for our future growth.

A larger hospital will require not only more money for building purposes but also a larger endowment fund. I hope the friends of the hospital will remember this as there are few more worthy charities.

ARTHUR. D. O'SHEA,
President Laconia Hospital Association.

BOARD OF HEALTH

To The Honorable Mayor and City Council
Laconia, N. H.

Sirs;

The Health Department has nothing new or unusual to report. Aside from our annual gripe epidemics there have been no serious outbreaks of contagious diseases. A very large percentage of the childhood diseases are never seen by a doctor but are cared for by careful neglect on the part of their parents and manage to survive.

The Milk Inspector is doing his usual good work and the real effort and co-operation on the part of the farmers to produce good milk is very gratifying. Nearly all of the samples tested have been far above minimum requirements for cleanliness and butter fat.

Laconia has been fortunate in continuing to have the services of Miss Julia Periard as City Nurse for care of the sick in their homes, and by her help many people have been able to get back to work faster than they otherwise would have.

Dogs, especially the pony-size ones that are allowed to roam our streets, are getting to be a problem and a nuisance in every sense of the word, and if complaints are received, arrangements will have to be made for restraining them. One of the favorite pastimes of all dogs, large and small, is exploring garbage cans, especially the full ones that have been set out for the garbage truck to pick up. Many of them are tipped over and their contents spilled all over the sidewalk. If people would put their garbage in cans with tight tops, our streets would be much easier to keep clean. If this is not done voluntarily, it may be required later.

Respectfully submitted

WILLIS E. FLOYD,
CHARLES D. DOCKHAM,
JOHN R. PERLEY, Sec.

PUBLIC HEALTH NURSE

Infant care	74
Home visits (Instructive)	35
Preschool children	64
Cripple children	23
Receipt for city cases	\$380.19

JULIA PERIARD, R. N.

MILK INSPECTOR

Milk inspection work was carried out as travel restrictions would allow in 1943.

There was a marked decline in the number of producer-dealers selling milk in Laconia, but this was offset by an increase in the volume of milk sold by the large dealers.

Stores were checked for refrigeration and for source of supply.

General Milk Statistics

Total samples tested	562
Milk	505

RECOMMENDATIONS

The Fire Station at Lakeport is in very poor condition. A new station should be erected as soon as possible. The old one is beyond repairs; there is no cellar under the building; the heating apparatus is obsolete and will not heat the building properly; the roof has been repaired several times; Therefore, money expended on the building would be wasted.

A. W. SPRING, Chief
Laconia Fire Department.

TRUST FUNDS

REPORT OF TRUSTEES

To the Honorable Mayor and City Council, Laconia, N. H.:

On account of the low interest rate, again we advise that a minimum of \$200.00 be left as a trust fund.

Work to be done is carefully considered and funds are conserved as much as possible. Only the very necessary work is done.

The trustees welcome any suggestions or criticisms.

LIBRARY TRUSTEES

To the Honorable Mayor and Members of the City Council:

The Trustees of the Laconia Public Library make the following report for the year ending February 15, 1944.

The Public Library in this community, as in other sections of the country, has become increasingly conscious of the war. There is a greater demand for technical books and for help in the various trades connected with the war effort. Demands for books as the war still continues, and the great use of magazines and newspapers for up to the minute news of the world, give evidence that the public wishes to keep informed on current events.

Reading contests for the children were held during the summer. Book week was again celebrated this year with the customary display of books in the lobby. During the year the Library cooperated in the Author's Tea sponsored by the Laconia Evening Citizen. The Library has, during the past year, served as a collecting center for books sent to the armed forces and a number of schools in the southern states. In the fall both Libraries served as registration centers in connection with the 50th Anniversary of the City.

A small beginning towards a Children's Room was made when a corner of the reference room was converted to a children's corner. A reading table and bench, together with a round table with chairs were purchased for this purpose.

The First Parish Society of Gilmanton presented the Library, on a loan account, their old pewter communion vessels used in the church for over one hundred years, and various other objects including an old Bible and old records of the church, all enclosed in a cabinet given for that purpose.

The Memorial Hall was open to the Art Club for their annual exhibition.

Repairs have been made to the stone work, particularly the tower, during the past year. Also the Librarian's room and all space in the basement, except the boiler room, has been painted, ceilings, walls and floors.

The grounds around the building have been maintained in their usual attractiveness. The "V" garden was again in evidence. Three benches were installed on the back lawn for

the benefit of those wishing to use them for lunches. A drinking fountain was also installed on the back lawn for the benefit of the public. One unfortunate incident was the breaking of the flag pole, caused by deterioration. This was repaired at considerable expense and is now eleven feet shorter than the original length.

As an over all picture, the Trustees feel that both Libraries and grounds have been maintained to the best interests of the public.

Respectfully submitted

HENRY T. TURNER,
Chairman, Board of Trustees.

BOARD OF PUBLIC WORKS

Laconia, New Hampshire
February 15, 1944.

To the Honorable Mayor and City Council:

We hereby present the forty-third annual report of the Board of Public Works including the detailed financial statement covering the operations of the City Engineering, Street and Sewer Departments during the past fiscal year.

We are appending hereto a copy of the report and suggestions of the City Engineer as submitted to us and we recommend the same for your consideration.

In common with other communities, we have carried on with the handicap of decreased manpower and reduced facilities in many directions, but the garment has been fashioned according to the available material and at the year's end, we are able to report a balance on the right side of the ledger.

For the attainment of this desirable result, credit is due the City Engineer and his assistant, the formen and regular men of the department for faithful and untiring work in their several capacities.

As the Engineer suggests, in his report, our citizens also should be credited with a general spirit of loyalty and cooperation and have without complaint, made allowances, when the services have been below the standards that might be expected in normal times.

Although it is hoped and expected that the trying conditions which have prevailed during the past few years will not long continue, and much consideration is already being given, and properly so, to Post War planning for Public Works to take up the slack of unemployment likely to ensue, it is our opinion that not much actual construction work can be undertaken this year and problems of Maintenance will still be our chief concern.

The recommendations of the City Engineer relative to the purchase of a snow loader, a mechanical sweeper and an early exchange of trucks, are endorsed by us as practical and in the public interest.

In spite of decreased revenues from motor vehicle funds and the gasoline road toll it appears that the State will be able to offer the cities and towns the T. R. A. funds for use on Class V roads in practically the same proportion and amounts as last year and the city's participation is recommended.

As we have suggested in reports of other years, our city has a large capital investment in improved streets and sidewalks and it would seem to be simply a matter of good business to allot sufficient funds to keep them in repair.

Having in mind the routine maintenance, winter expense and the customary all year work, including scavenger service, we would recommend the following schedule for the ensuing year:

General Repairs and Maintenance	\$19,000.00
Winter Expense	26,000.00
Sanding Sidewalks	1,800.00
Collection of Ashes, Waste and Dump Rentals	8,300.00
Sewer Maintenance	5,300.00
City Engineering	2,200.00
Cleaning Streets	6,500.00
City's Share T. R. A. 453.55 plus 1943 bal.	
159.94	613.49
Cleaning Catch Basins	1,600.00
Tarring Streets	9,500.00
Drain Repairs	1,200.00
Maintenance of Macadam	6,000.00
Insurance	600.00
Cutting Grass and Bushes	2,000.00
Bridge Repairs	800.00
Purchase of Equipment	2,000.00
Tarring City Hall Lot	300.00
Recovering Walks	3,500.00
	\$97,213.49

Respectfully submitted

HARRY L. SMITH,

OSCAR L. HOYT,

WILLIS G. WATSON,

Board of Public Works.

REPORT OF THE STREET, SEWER AND ENGINEERING DEPARTMENT

Laconia, New Hampshire

February 15, 1944

To The Board of Public Works:

Gentlemen:

The following is presented as the report of the Public Works Department. The amount expended for the fiscal year, ending February 15, 1944 was \$90,737.96 and is itemized in the following statement:

FINANCIAL STATEMENT

Department	Balances & Appropriations	Receipts & Transfers	Total Credits	Total Expended	Unexpended Balances
General Repairs and Maintenance	\$16,000.00	\$2,383.21	\$18,383.21	\$18,369.03	\$ 14.18
Winter Expenses	25,000.00		25,000.00	24,673.67	326.33
Sanding Sidewalks ..	1,600.00		1,600.00	1,731.37	131.37*
Collection of Ashes, Waste and Dump Rentals	8,500.00		8,500.00	8,013.55	486.45

*Indicates Overdraft

Collection of Ashes and Refuse

The collection of ashes and refuse has been continued by force account. Although this service is a particularly difficult one to keep manned, it has operated on schedule at all times and that it has been satisfactory is manifested by the almost total lack of complaints.

Sanitary Sewers

A 6" lateral sanitary sewer was built on Winnicoash Street and two house connections were made to it. A number of new manholes were built on some of the older mains, in order to gain better access to them for cleaning and flushing, and some of the old type flush tanks were rebuilt and converted to manholes. Our 32 miles of sewerage system was given a thorough flushing and is in good condition. We had two blockages that might have been serious had they not been detected in time. These obstructions, resulted from ground water being drained from cellars through the house connections, carrying wood and paper, into the main sewer. The practice of utilizing the sanitary sewers for draining surface water is one that should be discouraged because the system was designed and should be used for plumbing drainage only.

Plumbing

Fourteen new connections were made to the sanitary sewers and 46 permits for plumbing additions were issued and the work inspected. No new plumbing licenses were issued during the year.

Bridges

The cost of maintenance of our bridges was small, but a few minor repairs being required. Repairs were made to the deck of the Mill Street wooden bridge and stringers and planks were renewed on the two wooden bridges on the Hilliard road.

The Fair and Messer Street steel bridges should be given a coat of bridge paint this summer.

Tarring

Three hundred thousand square yards of gravel and macadam streets and roads were surface treated with 60,000 gallons of No. 5 road tar, which was covered with sand and honed with equipment rented from the State Highway Department. Two applications of tar, the first an $\frac{1}{8}$ of a gallon to the square yard and the second a $\frac{1}{8}$ gallon were given the cement-concrete section of road between Bridge and Stark Streets and should receive another treatment this year.

The asphalt surface on Main Street, through the business section, is developing sags and depressions and is worn through to the cement base in a number of places. Patching these spots will possibly suffice for a year or so, but the street should receive a hot-laid resurfacing in the not too distant future. The street surface was built a number of years ago and has with-

stood considerable wear with but a small expenditure for maintenance.

Cleaning Streets

We have endeavored to maintain our highways in a clean and sanitary condition. Our business and other heavily travelled streets receiving daily attention and highways leading into the city cleaned at least weekly. The cost of the spring sweeping of streets and sidewalks of the accumulation of sand applied during the winter months is considerable and could be reduced, if the department possessed a mechanical sweeper. Such a machine could also be used to good advantage in cleaning streets of the excess sand after tarring operations.

General

Because of conditions associated with the war-scarcity of labor and materials, no new construction was undertaken by the department, with the exception of the sewer mentioned elsewhere in this report. I will not make any recommendations for proposed construction for the coming season, feeling that the same conditions will prevail.

The two remaining horses, owned by the city were laid away last year. They had served the city for a number of years, but had reached the age when to dispose of them was the most merciful thing to do. I would recommend that one be replaced for use in the Lakeport division.

No sidewalk recovering was undertaken; the contractor being unable to obtain a force to operate his asphalt plant. Conditions, in that respect, look brighter for the coming season and with a good prospect that asphalt will be available, a liberal appropriation should be made for this work. We have a number of miles of asphalt walks within the city and to maintain them in good condition, a certain percentage should be recoated each year.

The balance of \$157.76 carried over from last year, with a like amount from the state was expended on Elm Street, north of Massachusetts Avenue, grading shoulders, ditches and banks and this section of the street will now be taken over by the State Highway Department for summer maintenance.

Under the T. R. A. (Town Road Aid) account the sum of \$2,964.20 was expended on our outlying roads. Culverts were installed, banks cut back, road beds widened and gravelled on the Smith, Morgan and Lane roads. The city's share of this expense was \$592.84, the balance being furnished by the state.

As you will observe in the Financial Statement, some of the accounts overrun their appropriations, although it does show an overall balance. In this connection, I would point out that the rise in cost of repairs to trucks, of maintaining the horses and of some materials is 35% above that of last year. A number of our trucks are old and a further increase in cost for repairs to them is to be expected this year. The department's five trucks, with one exception, are 1½ ton units and while satisfactory for our summer work are not adequate for plowing in the hilly sections of the city. When funds are available and trucks can be purchased, I would recommend that at least two of them be exchanged for heavier units and equipped with suitable plows.

To obtain sufficient help to do the necessary plowing and sanding of our streets and sidewalks and at the same time to make much progress in removing snow from our business district has been impossible and the only solution I can offer to speed up this service would be the purchase of a snow loader, which would eliminate almost completely the need of extra laborers.

The foremen and regular men, who worked day and night when the occasion demanded, are to be commended for their faithfulness and efficiency in keeping our streets and sidewalks open to vehicles and foot traffic, and a word of credit is due our citizens, who, as a whole, appreciated the handicap the department has been faced with and have made proper allowances.

Respectfully submitted,

ARNOLD J. O'MARA,
City Engineer
Supt. of Streets and Sewers.

CITY SOLICITOR

To The Honorable Mayor and City Council:

Gentlemen:

I have been acting City Solicitor filling the vacancy caused by Mr. Keller's enlistment in the armed forces of the United States since July 1, 1943. The case of Tefft vs. the City of Laconia was tried at the present term of Superior Court before Judge Young without a jury. A decision has been rendered in the City's favor. The case required a good deal of time spent in preparation, trial and written arguments. It involves the question whether a fireman hired by the Chief of the fire department can be discharged by action of the Chief and board of fire engineers without a hearing on charges preferred. The determination of the question is of considerable importance to the future conduct of this department of the City Government.

I have attended Council meetings and submitted numerous opinions both written and oral to various city officials. Several deeds and other documents have been drawn at the request of the Mayor and Council and I have endeavored to promptly perform all duties incumbent on me as City Solicitor.

Yours truly,

HAROLD E. WESCOTT.

POLICE DEPARTMENT

POLICE COMMISSIONERS

To The Honorable Mayor and City Council:

We respectfully submit the report of The Chief of Police George N. Hubbard for the year 1943. We respectfully urge your careful reading of the report which gives a comprehensive report of the services rendered by the police department.

CHARLES J. PITMAN,
CLARENCE E. ROWE,
FORTUNAT E. NORMANDIN,
Police Commissioners.

Postage, small claims	2.54
Clarence S. Newell, treasurer, cash	2,763.35

\$2,798.77

Respectfully submitted,

EARL FLANDERS,
Clerk.

OVERSEER OF THE POOR

To the Honorable Mayor and Council of the City of Laconia:

Gentlemen:

It is my privilege and duty to submit herewith my first report as Deputy Overseer of the Poor for the year ending February 15, 1944.

I have endeavored to investigate all city cases and find the greater part of calls for aid have been from sickness and accidents. There were 55 persons on relief February 1, 1943 and 20 February 1944, a reduction of 35 persons; the decrease is largely to be credited to employment.

The amount appropriated for support of poor for year ending February 15, 1944 was \$14,000.00. Received from refunds \$219.22, total receipts \$14,219.22, amount unexpended \$4,643.85, which was transferred to excess and deficiency account by direction of the City Council.

Respectfully submitted,

MILDRED H. BUCKLIN,
Deputy Overseer of the Poor.

IN MEMORIAM

Arthur C. S. Randlett
Overseer of the Poor

1898 to 1902, 1904, 1908

and

1932 to 1943

Born in Belmont, New Hampshire

January 6, 1870

Died in Laconia, New Hampshire,

December 20, 1943

*Arthur Randlett was a faithful servant always
exemplifying sympathy and feeling for the
unfortunate; yet firm and courageous in the
performance of his duty.*

PARK COMMISSION

To the Honorable Mayor and City Council:

As Secretary of the Park Commission, I submit the following report for the year ending December 31st, 1943.

Mr. Richard Shelley, Chairman of the Board of Park Commission called a meeting in April to prepare the budget for the consideration of the City Council. Meetings were held in May to arrange the summer program and in November for the winter program. Board meetings were attended by all the Board members—Mrs. Lawrence Holt—Dr. Clarence Rowe—Mayor Robinson W. Smith—Mrs. Percy Philbrook—and Mr. Richard Shelley, Chairman. A special meeting was held in June in conjunction with the School Board, Mr. Clark McDermith, presiding.

Summer playgrounds were in charge of the following: Leavitt Park, Mr. Charles Peterson and Miss Esma Ford—Opechee Park, Miss Jessie Dutrizac, Miss Anna Arnell, and Miss Margaret Goranson—Wyatt Park, Miss Marjorie Whitehouse. In conjunction with the Red Cross Life Saving Program, Miss Jessie Dutrizac also served as the Life Saver on duty evenings and Sundays at Opechee Park.

Each Park carries on activities in the various Club Houses. Leavitt Park is used by Cub Pack troops, the Lakeport Woman's Club, the Leavitt Park Club and many social activities. Opechee Park is used each week by Hi-Y groups—Y.W.C.A. groups and the Opechee Park Young Peoples Social Group. The 4-H groups held a few meetings and their Summer Fair at the Opechee Community House. Wyatt Park is used by the Wyatt Park Club and some activities as a Community Center.

An eight weeks period for Skating Rinks was contracted for by the following: Leavitt Park, Mr. Victor Walker—Casino Square, Mr. Wilfred Gilbert—Opechee and Wyatt Parks, Mr. John O'Connor.

The City of Laconia has excellent Park facilities and Community houses and the Park is pleased to report that the Summer program was on a much larger scale this year, more varied and a much larger attendance.

MARJORIE O. PHILBROOK,
Sec. Park Commission.

CLARENCE S. NEWELL,
City Treasurer.

MUNICIPAL REGULATIONS

for payment of bills against the city

All bills against the city must be approved by the persons authorizing the charge, and unless this is done, no action can be had upon the bill by the committee on accounts and claims, and no order will be given for its payment.

When bills are certified to as above, and left with the City Clerk not later than Thursday at 12 o'clock M., preceding the last Monday of each month, they will be audited by the committee on accounts and claims, and if approved by them and allowed by the Council, will be ready for payment on the following Wednesday, at the office of the City Treasurer.

Meetings of the committee on accounts and claims are held on Friday preceding the last Monday of each month at 7:30 p. m., at the City Clerk's Office

CITY EXPENSES

For the year ending February 15, 1944

Being an itemized account made up from the books of City Clerk of the payments made by the City Treasurer on account of running expenses.

The arrangement of the details of expenditures which follow is intended to give such information as is desired by the public.

Items of payments to the same person or firm at different times are included in the aggregate amount given, if paid for the same objects. Efforts have been made to ascertain and pay all approved bills to date.

AUDITOR

To the Honorable Robinson W. Smith, Mayor,
and the City Council of Laconia, N. H.

Gentlemen:

Having completed the audit of the financial accounts of the City of Laconia for the fiscal year ended February 15, 1944, I present the following statements showing the financial condition of the City as of that date.

Exhibit I—Appropriations Account year ended February 15, 1944.

Exhibit II—Excess and Deficiency Account.

Exhibit III—Balance Sheet as of February 15, 1944.

Exhibit IV—Serial Debt as of February 15, 1944.

The following items appearing in the balance sheet are commented upon as follows:

Cash **\$44,201.50**

This cash balance was verified by the various bank statements with the records of the City Treasurer and compared with the ledger of the City Clerk; all receipts and expenditures of the City Treasurer were properly checked with the different departments of the City; an audit of each monthly draft is made by the City Auditor as a final check upon all bills before payment is made by the City Treasurer. All Bonds, Notes and Coupons paid are carefully checked with the records of the City Clerk.

Property Sold to City for Taxes **\$10,541.10**

This amount continues to be reduced year after year and the coming year should be no exception to the rule; every effort should be made to lower this figure to a minimum while present business conditions exist.

Accounts Receivable—Taxes **\$37,468.46**

The Collector's record of the unpaid taxes was examined by me as well as all taxes paid; all payments were checked with the records of the City Treasurer.

Warrants from the Board of Assessors to the City Tax Collector covering the commitment of **all taxes were examined and** all abatements were compared to see that they were approved by the Board of Assessors.

The collection of current taxes by the Tax Collector has once again reached a high point, as a balance of **\$29,871.96** stands unpaid for the fiscal year as compared to **\$37,189.35** for the year ended February 15, 1943; I do believe, however, that there still remains unpaid many accounts of former years which could be collected at the present time and that every effort in that direction should be made by the Collector before they are abated; otherwise, as I have said before, they will become worthless assets to the City.

Accounts Receivable

Balance Due from Martha E. Johnson **\$7,096.24**

A Court action in the name of the City of Laconia as plaintiff for the recovery of **\$22,096.24** against Martha E. Johnson resulted in a judgment in favor of the City for the full amount; the Bonding Company having paid the **\$15,000.00** limit of the policy, the above amount remains unpaid and must be carried as an asset.

Property Acquired By Tax Deeds **\$1,624.27**

This amount has once again been reduced by the sale of several parcels of land by the City leaving the above amount.

Highways And Bridges **\$158.46**

This small amount is being carried over as an unexpended balance to the credit of this department for the purpose of State Aid Roads.

Improvement Bonds **\$2,000.00**

As this amount of Bonds was not presented for payment during the fiscal year as it should have been, it is necessary to carry it along as a current liability.

Laconia Shoe Co. **\$3,732.96**

This amount represents the accumulated rent according to the terms of their lease with the City.

Leavitt Fund **\$1,353.77**

Miscellaneous Liabilities**893.87****Motor Vehicle 1944****773.65**

This amount received from this source of revenue was checked and verified with the receipts of the City Treasurer and also with the permit cards.

Unexpended Appropriations**\$74,131.99**

Appropriations made during the year were verified with the records of the City Council and expenditures were properly approved by Treasury Warrants; all transfers were approved by the Mayor and City Council; a detailed report of all appropriations may be found in Exhibit 1 of this report; practically all of the above amount is credited to the School Department as the fiscal year of the school ends on June 30.

Notes

For the third consecutive year, the City finds itself with no outstanding notes as of February 15, 1944.

Credit Balance**\$20,045.33**

The above amount represents the excess of current assets over current liabilities and even though it is much smaller than the one of the previous year, nevertheless it is a very satisfactory showing; during the past year \$31,750.00 was paid on the Serial Debt with no additional Bond Issue thereby reducing the Net Debt to \$149,000.00 which is still another new low for many years. The Mayor and City Council should be commended highly for the fine showing made during the past year.

SERIAL DEBT

The Serial Debt outstanding as of February 15, 1944 is detailed in Exhibit IV of this report and shows a net debt of \$149,000.00 as compared to \$180,750.00 on February 15, 1943; this represents a decrease of \$31,750.00 during the fiscal year.

CEMETERY TRUST FUNDS

The following statement of Trust Funds was verified by examining all pass books of Savings Banks and Securities held by the Trustees and by checking all the expenditures with the Savings Bank Books. All receipts and expenditures are properly recorded on their books.

STATEMENT OF TRUST FUNDS

Amount of Trust Funds on Hand February 15, 1943	\$59,291.09
Trust Funds received during year	1,425.00
Unexpended interest on hand February 15, 1943	3,376.37
Interest received during year	1,591.13
	\$65,683.59

Amount of interest expended during year	\$1,597.09
Balance of interest on hand February 15, 1944	3,370.41
Principal of Trust Funds on Hand-Savings Banks	60,616.09
Principal of Trust Funds on Hand Water Co. Stock	100.00
	65,683.59

CARL F. BLAISDELL, Chairman.
CHARLES F. AYERS, Sec'y-Treas.
EDGAR B. PRESCOTT

LIBRARY TRUST FUNDS

The books of the Treasurer were examined by me and the balances verified by Statements from the Bank. All expenditures were thoroughly checked and compared with receipted bills.

I wish at this time to express my appreciation for all courtesies extended me during the course of my examination by all the Departments; also to commend all Departments for their efforts made to keep within their budgets during the past year.

Respectfully submitted,

DANA S. BEANE,
Auditor.

CERTIFICATE

I hereby certify that the accompanying balance sheet and the statement of Serial Debt reflect the financial condition of the City of Laconia as described by its books at the close of the fiscal year ended February 15, 1944. I further certify that I have audited the income and expense accounts of the City for the past year, and have found them correct as detailed in my report submitted herewith.

DANA S. BEANE,
Auditor.

Exhibit I

SUMMARY OF VITAL STATISTICS

Number of births	455
Number of marriages	121
Number of deaths	253
Number of births not previously recorded	15
Number of deaths occurring at Belknap County Farm	11
Number of bodies brought here for burial	73

By Chapter 106 N. H. Laws of 1917, the Clerks of Cities and Towns are required to send a copy of every child's birth certificate to its parents, and if said copy is not received within sixty days from date of child's birth, the parents should notify the City Clerk, in order that same may be placed on record.

Efforts have been made to make the records of vital statistics correct as possible. Should any error or omission be detected, the City Clerk will appreciate the kindness conferred by being informed of the same, that the records of the city be made right.

EARL FLANDERS, City Clerk

INDEX
